*Part 2*

Genesis 27

## **Discussion Questions**

---

What did this chapter teach you about God? In what ways did you see the Lord's plan prevail despite the sins of Isaac's family? Why should this give hope to you as a believer?

How would you describe Esau's response to losing the blessing? What is the difference between remorse and repentance? How is Esau's response a warning to us according to Heb. 12:14-17? Do you see genuine repentance as a characteristic of your life? Why or why not?

What were the consequences for the sins within Isaac's family? Why is it important to be reminded that sin has consequences? How does this passage give hope even when experiencing the consequences of your sin?

How would you describe the sins that took place within Isaac's family? How might this passage be used to help a struggling family? What hope is given for someone who comes from a broken home?
