## **Transformed Citizens**

Romans 13:1-7

## **Discussion Questions**

---

Why is it important to know that earthly authorities are established by God? How can this transform your approach to elections and ungodly leaders?

How does resistance to government demonstrate resistance to God? What has the gospel freed us to do in relation to the government according to this passage?

What does this passage teach us (in part) about the purpose of government (vv. 3-4)? How is this an example of God's common grace to mankind?

What example does Paul give of submission to government in vv. 6-7? Why is our integrity with taxes an area where we can be tempted to disobey God? What do you learn from this passage as well as Mark 12:13-17?

Do you have an attitude of respect and honor for the government? What is one way we can demonstrate a godly attitude towards earthly authorities according to 1 Tim. 2:1-4?
